Miss Mattie
Retires

THE COVER

MISS MATTIE V. GLICK '20 rightfully deserves the honored position of our first "cover girl" in the new format of the Alumni Newsette.

As every alumnus probably knows or should know, Miss Mattie retired July 1 as the secretary to President Warren D. Bowman after 47 years of association with Bridgewater College in many, many capacities from that of a student, through that of bursar, registrar, to that of president's secretary.

Her long and faithful service to Bridgewater spans the administration of five of the college's six presidents. She came to Bridgewater in the fall of 1910, the year Walter B. Yount, the college's first president, retired. She served under President Emeritus John S. Flory from 1910-19, under President Emeritus Paul H. Bowman from 1919-1946, under the late Dr. J. I. Baugher from 1946-48, under Acting-President Charles C. Wright from 1948-49, and under President Warren D. Bowman from 1949-1957.

At the annual alumni banquet, June 1, 1957, Miss Mattie was presented a "Book of Remembrances" containing over 200 personal letters from as many alumni and friends across the continent. President Warren Bowman, on behalf of the college, also presented her a gift of money and paid warm tribute to her years of service to the college and to the presidents. He said of her, "Miss Mattie has helped to train five college presidents of Bridgewater."

Nationally, Miss Mattie V. Glick was honored at the Education Dinner at the Annual Conference of the Church of the Brethren in Richmond, Va., June 22, 1957, when the Committee on Higher Education of the General Brotherhood Board presented her with a distinguished service award for more than thirty years of service to Christian higher education.

While Miss Mattie may be formally retiring from her full-time occupation, she will not lose her connection with the college. She will continue to serve on a part-time basis, and she was re-elected as recording secretary of the Bridgewater College Alumni Association, having served in this capacity for over thirty years.

Miss Mattie has given much for Bridgewater College. More hours of work and concern have been put in for this institution which we love than possibly by any other person. But, her devotion and loyalty to Bridgewater should be an example to all of us. There is not an alumnus nor alumnae who could not take a leaf out of Miss Mattie's book of loyalty and give to his alma mater this same devotion and loyalty which she has given through the years. If her retirement should mean anything to each of us, it should mean that Miss Mattie's devotion is a challenge to us to give ourselves more completely to Bridgewater College, our own alma mater.

Incidentally, blue is Miss Mattie's favorite color.

The Bulletin of Bridgewater College is published six times a year by Bridgewater College, Bridgewater, Virginia. The Newsette is issued three times a year, April, August, and December, with the college catalog, the announcement of the summer session, and the annual officers report completing the series of publications. The Bulletin of Bridgewater College is entered as second class matter at the Post Office at Bridgewater, Va., under Act of Congress of August 24, 1912.

Notes On New Look

This is the Newsette, believe it or not. Yes, it is the same alumni publication of Bridgewater College but in a new format, a new look, if you please.

There are two basic reasons for the new look. The first is that according to postal regulations we had not been conforming to the specifications of our postal permit in using the large heading "Newsette" with the words "a bulletin of Bridgewater College" as a subtitle. This had to be changed to conform with our permit and done by this issue. To get a new permit would cost a hundred dollars and would throw the rest of the college mailings under the original permit in jeopardy. Thus, to stay within the bounds of our permit, we are again having to highlight "A Bulletin of Bridgewater College" but continue to carry the word "Newsette" as an emphasized subtitle.

A second reason for the change was recommendations by professional alumni consultants and by practically all B. C. alumni to give more versatility and enhanced attractiveness to our alumni publication. The questionnaire of the April, 1957, issue of the Newsette confirmed this desire for an attempted new look. More and more pictures will be used. More space for feature articles and for class news will be available. Even our printers, McClure's of Staunton, recommended a magazine type versus the unwieldy multiple-fold newspaper type.

Thus is launched a new chapter of the Newsette. It is only on an experimental basis. We would be glad to get your reactions, pro and con. We may not continue it in the present format but will need to constantly re-evaluate it, improve it, and refine it so that it is the worthiest publication possible for the alumni of Bridgewater, Daleville, and Blue Ridge Colleges. To this end we are committed.

Jacob F. Replogle '37
Alumni Secretary

Oakland, Maryland
August 1, 1957

Dear Friends
of Bridgewater College:

Bridgewater College is moving forward. In the past few years a new dormitory for girls has been built, and then a modern science building was constructed. The much-needed gym is now under construction, and we are all looking forward to the time of its completion. Plans are now under way for a new dormitory for boys. All of this in a few short years.

At this time I would like to share with you a few of my concerns and hopes for this year. (1) I would like to see every Church of the Brethren in our area hold a Bridgewater College Sunday. Many churches have been doing a commendable job along this line.

(2) I have been attending and enjoying immensely homecoming activities and various other college programs for a number of years. I have noticed that over the years more people are in attendance. This is good, but I feel many alumni are missing out on a lot of fun and good times. I would like to see us make a special effort this year to attend homecoming next fall and the various class reunions and alumni banquets next spring. If you have not been attending, you have been missing something.

(3) The Alumni Association has set as a goal for this year the raising of \$50,000 in cash to undergird payment of maturing bonds. I would like to see each alumni chapter become more active. An alumni banquet or dinner is fine, but it is my feeling, and in talking to others I am sure it is the feeling of many, that the various chapters should do more. I would like to suggest that each chapter take the following project for this year. See how many of your chapter members you can get to give \$50 to the college. If we could get 1,000 people to give this amount, we would reach our goal of \$50,000.

If you will accept these suggestions and try to carry them out, I am sure the college will benefit, and we can enjoy the good feeling that comes with a job well done.

Sincerely yours,
Ernest C. Spoerlein '33, President,
B. C. Alumni Association

BRIDGEWATER BRIEFS

New Gym Progressing

Bridgewater's new health and physical education building is nearing the stage of reality as the brick masons complete their work and the new structure gets under roof. Throughout the summer, Nielsen Construction Company, the contractors, have been steadily at work completing the masonry and preparing for the finishing task. It is hoped that the new gym will be ready for this year's home basketball games. For the last two years all home games have been played on nearby high school floors. Juniata College, a sister college from Huntingdon, Pa., is already scheduled for the dedication game, December 5, 1957.

However, the new gym can be completely finished only if sufficient funds from alumni and friends are forthcoming. A committee of Eagle lettermen are contacting all B. C. men who through the years earned their athletic monogram while at Bridgewater. All alumni gifts this year will go toward the new gym, and it is hoped that the total gym financing can be in sight by the time it is ready for use. Your sizeable gift at this time will help make this new gym possible.

Rev. "Bob" Richards '46 Alumnus of the Year Award Winner

At the annual alumni banquet, June 1, 1957, Rev. Robert E. Richards '46 received the plaque award as the Alumnus of the Year. It was presented to him by Dr. Galen G. Craun '33 who cited Bob because of his outstanding achievements in the world of sports and religion. Winner of many citations, Bob Richards is a two-time Olympic pole-vault champion and this year was recognized by the Junior Chamber of Commerce as one of the Ten Outstanding Young Men of 1956. Rev. Richards gave the commencement address in Cole Hall on Monday morning, June 3, 1957.

Bridgewater's Galaxy of Queens

Old B. C. has its share of beauty as well as brains. In fact, at Bridgewater they go together. Six Bridgewater coeds received special recognition. Mary Garber Fifer '57 was our Homecoming Queen last fall. Sathena Clark '57 was selected as May Queen. In the national beauty contest, Janet Bowman '60 was selected as Miss Shenandoah Valley, and Mary Scruggs '60 was chosen Miss Rockingham County. Besides, Vivian Zimmerman '57 was nominated as Miss Bridgewater, and Nancy Crockett '58 served as a princess at the Winchester Appleblossom Festival. These are only six of all the queens of which Bridgewater can boast.

'57 Graduates Receive Outstanding Fellowships

Five outstanding grants were received by as many graduates of Bridgewater's Class of 1957 for advanced graduate work.

Sathena Clark, Bridgewater, Va., biology major, received a \$1,350 fellowship to the University of Florida.

John C. Harshbarger, Weyers Cave, Va., a biology major, received an assistantship valued at \$1,380 to Virginia Polytechnic Institute.

J. Marion Wampler, Bridgewater, Va., a chemistry major, will specialize in geochemistry at Columbia University. He received a National Science Foundation Fellowship of \$1,600.

Dale L. Wampler, Petersburg, W. Va., a chemistry major also, was granted an assistantship by the University of Wisconsin valued at \$1,750 plus remission of all out-of-state fees.

James O. Bowman, Union Bridge, Md., a mathematics major, has received an assistantship at Purdue University in Indiana.

Alumni Goal of \$50,000 Set for Year 1957-58

The Alumni Association Board of Directors approved the recommendation of the Executive Committee that the goal of alumni giving for this present year (July 1, 1957 to June 30, 1958) be \$50,000, the same as last year.

While alumni giving in the past year (1956-1957) did not reach its goal but raised only \$23,718.22, a redoubled effort will be made to increase our cash annual giving to reach the \$50,000 goal this year. Classes and chapters will have a greater share in reaching the goal.

Why do we need \$50,000 cash this year? Simply to underwrite the paying off of the first of the Series B Bonds for the new health and physical education building coming due this year. Will you be one of a thousand alumni who will give \$50.00 or more to undergird the reaching of this year's goal? Let's not wait to send in our annual gift to the Alumni Fund. Double what we gave last year and send it in now.

Final Ford Foundation Payment Made

Bridgewater College, just before it closed its books in the last fiscal year, ending June 30, 1957, received a check from the Ford Foundation for \$59,500 as the final payment on its gift to the college in its national program to bolster the faculty salaries of colleges and universities of America. This brought the total Ford gift to Bridgewater to \$120,000, or approximately \$40,000 more than anticipated. The college is indeed grateful for this splendid gift. The principal cannot be touched for ten years, and its interest is earmarked to help the faculty salary scale. Therefore, it is not the complete answer for improved salaries, college operation, and capital improvements. These must come from somewhere else.

EAGLE SPORTS PARADE

Football Hopes High

Coach Paul Gunsten soon will have his first contingent of Eagle football aspirants hard at work in preparation for the season that lies ahead.

Following the pattern of last year, the Eagles will gather for a two-week training camp at Cave Spring, just east of Edinburg, Va., Sept. 3 to 12, prior to the opening of school. The football camp of last year, the first in B. C. history, got the boys in top physical condition which considerably helped them in giving a good account of themselves throughout the season. In all, they won 3, lost 4, and tied 1. By graduation the football team lost standouts Larry Pence, Fred Fifer, Lee Knupp, and Don Mitchell. Coach Gunsten is relying on the returnees and the incoming freshmen to strengthen the Eagle squad this year. Tri-captains this year are Dennis Dixon, Isaac Gray, and Don Dofflemeyer, with Bob Winter as manager.

For Homecoming, Davis and Elkins, of Elkins, W. Va., will provide the opposition on October 26 on Riverside Field. Last year, the first year on B. C.'s schedule, Davis and Elkins nosed out the Eagles 14-13.

The football schedule for 1957 is:

| | |
|-------------------------|------|
| Sept. 21—Hampden Sydney | Away |
| 28—Open | |
| Oct. 5—Guilford | Home |
| 12—Randolph-Macon | Away |
| 18—Apprentice | Away |
| 26—Davis-Elkins | |
| (Homecoming) | Home |
| Nov. 2—Susquehanna | Away |
| 9—Gallaudet | Home |

(Home games start at 2:00 P.M.)

B. C. Netmen Lose Stalwarts

This past spring's Bridgewater Tennis Team won 2 while losing 10 matches, with one conference win out of 9 tries. Led by Captain Dave Miller, each match was hard fought and points given begrudgingly.

B. C. Nine To Return

Bridgewater's baseball team played in and out ball to register a fair season of 6 wins and 12 losses. Fifteen men figured in the team, scoring and hitting, and all fifteen lettered. Coach Harry Stille saw flashes of clutch hitting but not consistent ball playing. The team did not lose any men by graduation.

Tracksters Show Promise

The Eagle Track Team, though handicapped by the lack of depth and experience, proved itself a worthy contender in the Mason-Dixon cinder paths. Larry Pence, appeared frequently almost like a one-man team.

Over all, the B. C.'s spring track team won second place in two meets, the Catholic U. Invitational and the Mason-Dixon Relays; placed fourth in the Little Eight; a fifth in the annual Mason-Dixon Meet; won over Lynchburg and lost to Roanoke and Hampden-Sydney.

First Golf Team Wins Championship

Bridgewater's Eagle golf team, coached by Prof. James Smith, professor of economics, captured the Mason - Dixon Conference Golf Championship with a low score of 660 in the tournament held on the Mt. Pleasant Golf Course, near Baltimore.

This year's squad of Ronnie Polane, Bob Moyers, Bud Cauley, and Ralph Beard is the first B. C. team to enter the Conference Tournament and the first organized squad ever to be fielded at Bridgewater. Amazing as this fact is, it was even more so when Loyola University had won this event nine times out of the last ten years.

Bridgewater's golfers completed the season with an unblemished record, having previously beaten Lynchburg twice before entering the tournament.

Johns Hopkins was runner-up with 670, followed by Catholic University, 672; Western Maryland, 684; Mt. St. Mary's, 706; Loyola, 707; and Roanoke, 716.

CONTRIBUTORS TO VIRGINIA FOUNDATION FOR INDEPENDENT COLLEGES

The private colleges of Virginia are deeply indebted to the business leaders of the state for their generous support of these institutions. During the fiscal year ending April 31, 1957, the Virginia Foundation for Independent Colleges received \$330,600 from 250 contributors, an encouraging increase over the previous year when \$287,025 was received from 181 contributors. It is gratifying to know that the Virginia Foundation ranked fifth among similar organizations covering 39 states in the total funds received and rated third in the average amount received per mem-

ber college. The growing recognition on the part of business executives as to the vital importance of our private colleges and their place in the future development of our country is indeed heartening. It will enable these colleges to render an even finer service to the youth of the Old Dominion.

The alumni, students, faculty, and friends of Bridgewater College join in expressing gratitude to the corporations, partnerships, and individuals listed below whose generosity is helping to strengthen our college.

Last May 12-19, during the European Annual Conference of the workers of the Church of the Brethren held in Reith, Austria, the loyal alumni of Bridgewater College gathered for a few moments of fellowship. The accompanying picture was taken just after the group had finished singing lustily "Bridgewater Fair." As one can see, they met under the shadow of the Tyrolean Alps.

The group of Bridgewater faithfuls include Dr. M. R. Zigler '16 and Mrs. Amy Arnold Zigler '15, directors of the European program of the Church of the Brethren. Dr. Zigler was the recipient of Bridgewater's Alumnus of the Year Award in 1945. Ralph Warner '56x, is working with the material aids program in Austria. Allen Driver '55x is in charge of the maintenance department at the Brethren House, Kassel, Germany, and plans to return to Bridgewater this fall. Fred Diehl '55x, is work foreman of the Karlsschule project in Vienna, Austria.

Donald Gene Wampler '55x, has

worked closely with the Hungarian refugee and material aid problems in Austria and will be returning to Bridgewater this fall. Lavonne Ikenberry '55x, has worked with German refugees in Berlin and with Hungarian refugees in Austria. After assisting in the International Work Camp Program this summer, she, too, will return to the Bridgewater campus.

Ray E. Glick '55 is working with Bulgarian refugees on an experimental farm in Turkey. Elaine Stauffer '54, has worked as representative for the Brethren Service Commission on the International Work Camp Program, organizing seven to ten work camps each summer. After this summer's responsibilities, Elaine will return to America this fall to accept a teaching position in Ohio.

L. Clyde Carter, Jr. '56, has worked with East German refugees in a boys camp in West Germany and is now working with refugees in Berlin. Betty Lyons '55x, has worked as the secretary to Wilbur Mullen, director of the Germany BSC program, and will return to Bridgewater this fall.

Left to right: Ralph Warner, Allen Driver, Fred Diehl, Mrs. Amy A. Zigler, Dr. M. R. Zigler, Donald Gene Wampler, Lavonne Ikenberry, Ray E. Glick, Elaine Stauffer, L. Clyde Carter, Jr., and Betty Lyons.

BRIDGEWATER ALUMNI FUND REPORT

FOR FISCAL YEAR, JULY 1, 1956-JUNE 30, 1957

The annual Alumni Fund for the college year ending June 30, 1957, yielded a total of \$23,718.22 in gifts of cash and pledges from 805 alumni and students. The percentage of response on the basis of those appealed to by mail was 15.7 per cent, and the average size of the gifts was \$29.46.

An asterisk (*) indicates that the alumnus gave fifty dollars or more in this report and is entitled to receive Sustaining Fund recognition. A later report of the Sustaining Fund members, including non-alumni as well as alumni, will be published perhaps in leaflet form.

In cases where alumni in 1956-57 made payments on previous pledges, his name appears with his class in

this report, but his gift in total was credited in a previous report. This accounts for a large number of donors in the case of some classes, but the amount given in the year for the class in question was not proportionately large.

It is interesting to note in this year's report that the class of 1920 leads all others in amount given, \$3,602.50, while the class of 1950 had the largest number of contributors with 25. Runners up in number were the class of 1948 with 24, class of 1928 with 23, and the class of 1920 with 21.

The students, college administration, and trustees are very grateful for this splendid alumni response. It is hoped that every effort will be used to raise the 1957-58 Alumni Fund Goal of \$50,000 in cash.

BR Alumnus, New Minister At Bridgewater

Rev. Bernard N. King '27BR became pastor of the Bridgewater College Street Church of the Brethren beginning August 1. Mr. King, former pastor of the First Church of the Brethren, Ashland, Ohio, succeeds the Rev. J. James Eshleman who accepted a call to the Los Angeles, Cal., Calvary Church of the Brethren.

Mr. King, a brother of Rufus B. King, former alumni secretary, is a native of Maryland. After attending Blue Ridge College, New Windsor, Md., he received his B.S. from Juniata College and took graduate work from Bethany Biblical Seminary and Boston University School of Theology. Rev. King's wife, the former Ella Baugher, is a sister to the late Dr. J. I. Baugher, former president of Bridgewater College.

B. C. Bee Discontinued To Alumni

The Board of Directors of the Alumni Association on June 1, 1957, approved the recommendation to discontinue the policy of some years of sending gratuitously the B. C. Bee, the student newspaper, to all alumni who make a contribution to the Alumni Fund. This is being done because very few schools have continued this practice. The student newspaper is for students on the campus and does not contain up-to-date news material of primary interest to alumni. The effort will be to concentrate on the *Newsette* as the alumni organ of communication and this will be sent to all alumni, regardless of contribution, whose correct address we have. However, all alumni are urged to subscribe to the B. C. Bee direct at \$1.50 a year.

FACULTY BUSY (Cont.)

(Continued From Page 15)

Street Church of the Brethren following the resignation of Rev. I. James Eshleman.

Coach Daniel S. Geiser has been on a year's leave of absence studying at Columbia University, New York.

Prof. Victor E. Glick is busy writing his doctoral dissertation.

Miss S. Ruth Howe, in company with Mrs. Ida Shockley Studebaker, is making a visit to Hawaii, flying from San Francisco.

Dr. and Mrs. Thurman Grossnickle have assisted in several summer camps of the Church of the Brethren.

Mrs. Nell Kersh Boitnott receives her Master of Arts degree in education in August from Madison College.

Mrs. Olive Smith Bowman also attended Madison College Summer School following a trip to New Mexico for the wedding of son Warren, Jr.

Prof. Nelson T. Huffman, besides directing the music of the Richmond Annual Conference of the Church of the Brethren, will direct the music of the Massanetta Springs Bible Conference, with Mrs. Ruth Weybright Stauffer presiding at the organ as she did at the Annual Conference.

President Warren Bowman, besides being busy with many things, will be attending a conference for presidents at the University of the South, Sawanee, Tenn.

Dr. Warren Groff, Bridgewater College professor of Bible and religion, has been named a delegate by the Church of the Brethren to a North American Study Conference scheduled to be held this fall at Oberlin College in Oberlin, Ohio, according to Dr. Norman J. Baugher, secretary of the General Brotherhood Board. The study conference is sponsored by the World, National and Canadian Councils of Churches.

COLLEGE'S SCIENCE PROGRAM

RATES HIGH

By

C. E. MAY '24

The cumulative evidence of the past ten years suggests that Bridgewater College's science program is attaining state and national recognition because of its excellence and because of Bridgewater's record in directing baccalaureate graduates into scientific careers.

A recent study made by the alumni office reveals that fifty Bridgewater alumni are now practicing medicine and dentistry in Virginia and twenty-three are currently enrolled in medical and dental schools.

Bridgewater's record in directing undergraduates into careers in the pure sciences is as excellent as her record in directing them into careers in medicine and dentistry. According to a study reported in the 1954 January-February issue of the "Journal of Southern Research" by A. E. Wood, Bridgewater, with a productivity index of 16.2, ranked fifth from 1924-1941 among southern colleges and universities in directing undergraduates into graduate work in science. Mississippi College was first, Hampden-Sydney, second; Virginia, third; and Georgetown (Ky.), fourth.

Bridgewater is one of the few small southern colleges carrying on a privately and federally subsidized science research program. During the past academic year the Science Department received research grants totaling \$15,800 from the National Institute of Health, the National Research Corporation, the National Science Foundation, and the University of North Carolina. The

chemistry department has four well-equipped, well-lighted, and well-ventilated instructional laboratories and two well-equipped private research laboratories. The chemistry research program and laboratories enable students to work on research projects and to get first-hand experience with such expensive equipment as ground-joint glassware, and ultraviolet spectrophotometers and such processes as molecular distillation and chromatography.

The excellence of Bridgewater's scientific equipment, program, staff, and her success in directing graduates into scientific careers again points up the fact that the small college, because of its very smallness and because of close contact between student and professor, is in a favored position to direct top-level baccalaureate graduates into professional careers in both pure and applied science. But when gifts and grants to educational institutions are made by wealthy philanthropists, powerful industrialists, and large foundations, this fact is often overlooked. The larger institutions invariably attract the most spectacular gifts. Their size continuously advertises them and their needs. If men of wealth, large corporations, and foundations would make a careful study of the strong, small colleges, availing themselves of the accurate information that has been gathered as to the quality of work these schools are doing, they could invest their money more shrewdly and beneficially by giving some of it to such schools as Bridgewater, Hampden-Sydney, and Randolph-Macon instead of granting *all* of it to the large "so-called" name colleges.
